

“ Mississippi Mills is ideal for our web-based business and it’s a beautiful spot to showcase our products. ”

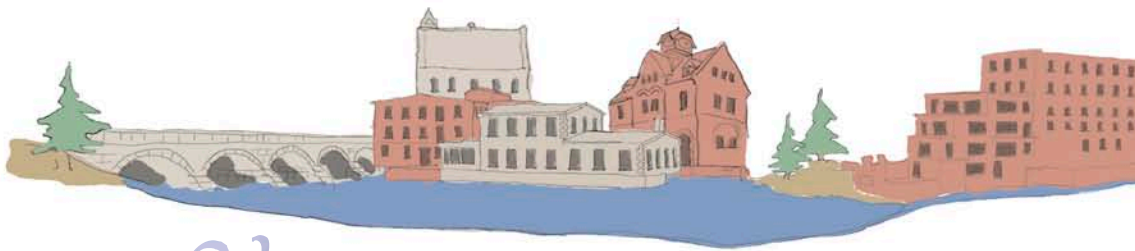

Finding an environment that would mirror the quality of her products and provide a comfortable and elegant space for her corporate clients was key to Cynthia Stuart's decision to open a storefront. After several years of running Appleton Gift & Basket Co. as an exclusively on-line business, Cynthia's new location in the beautifully restored heritage storefront at 65 Mill Street in downtown Almonte fits the bill perfectly!

Cynthia draws on her background in retail management and floral design to create gift baskets notable for the quality of both the products and their presentation. She uses local and Canadian products where possible, and specializes in themes such as new baby, bath & body, or chocolate-lover's baskets. Orders can be placed in person or on-line at www.appletongiftbaskets.com, and can be shipped to anywhere in Canada.

A member of both the Mississippi Mills Chamber of Commerce and the Mainstreets Association of Almonte & Pakenham, Cynthia feels that they provide "individuals the ability to do much more for the community as part of a group."

Appleton Gift & Basket Co. — Chamber member since 2009
