## 2010 Tree Description and Order Form

p.2 of 7

(for alphabetic listing of species, see [www.mississippimills.com/tree-listing](http://www.mississippimills.com/tree-listing))

<b>A</b>		<p><b>Green Column Black Maple (200-225 cm. tree)</b> <span style="float: right;"><b>Price: \$45.00</b></span></p> <p>Height: 15m                      Summer Foliage: light green                      Qty. ordered_____</p> <p>Spread: 7m                      Fall Foliage: yellow to orange</p> <p>Shape: upright oval              Flower: yellow                      Zone: 4</p> <p>NOTES: This selection of native black maple has an upright oval shape. Excellent for maple syrup. **</p>
<b>B</b>		<p><b>Deborah Maple (250-275 cm. branched whips)</b> <span style="float: right;"><b>Price: \$35.00</b></span></p> <p>Height: 14m                      Summer Foliage: dark bronze green                      Qty. ordered_____</p> <p>Spread: 12m                      Fall Foliage: bronze</p> <p>Shape: rounded to oval                      Zone: 4</p> <p>NOTES: A beautiful tree, new leaves are brilliant red, turning dark bronze green as the summer progresses. It is a good grower, forming a straight central leader with evenly spaced branches. **</p>
<b>C</b>		<p><b>Royal Red Maple (225-250 cm. Branched whip)</b> <span style="float: right;"><b>Price: \$40.00</b></span></p> <p>Height: 10m                      Summer Foliage: burgundy                      Qty. ordered_____</p> <p>Spread: 9m                      Fall Foliage: maroon/reddish bronze</p> <p>Shape: oval to rounded                      Zone: 4</p> <p>NOTES: A great accent tree, rich purplish foliage turns maroon to reddish bronze in fall. Similar to Crimson King but faster growing. Holds its color all season. **</p>
<b>D</b>		<p><b>Columnar Sugar Maple (225-250 cm. tree)</b> <span style="float: right;"><b>Price: \$35.00</b></span></p> <p>Height: 12m                      Summer Foliage: dark green                      Qty. ordered_____</p> <p>Spread: 4m                      Fall Foliage: yellow</p> <p>Shape: compact upright              Flower: yellowish green                      Zone: 4</p> <p>NOTES: An excellent narrow tree. This cultivar produces a column of dark green foliage on almost vertical branches. **</p>
<b>E</b>		<p><b>'Flaxmill Majesty' Sugar Maple (200-225 cm. tree)</b> <span style="float: right;"><b>Price: \$45.00</b></span></p> <p>Height: 15m                      Summer Foliage: green                      Qty. ordered_____</p> <p>Spread: 12m                      Fall Foliage: ruby red</p> <p>Shape: broadly oval                      Zone: 4</p> <p>NOTES: A cross between a red and a silver maple with very good growth habit. Has long lasting fall colour. **</p>
<b>F</b>		<p><b>'Heritage' River Birch (175-200 cm. multi-stem tree)</b> <span style="float: right;"><b>Price: \$40.00</b></span></p> <p>Height: 13m                      Summer Foliage: medium to dark green                      Qty. ordered_____</p> <p>Spread: 11m                      Fall Foliage: yellow</p> <p>Shape: broadly pyramidal                      Zone: 4</p> <p>NOTES: Beautiful white bark, exfoliating as it matures. Very attractive against a dark background. Resistant to Birch Borer. **</p>
<b>G</b>		<p><b>Washington Hawthorn (175-200 cm. tree)</b> <span style="float: right;"><b>Price: \$45.00</b></span></p> <p>Height: 10m                      Summer Foliage: dark green                      Qty. ordered_____</p> <p>Spread: 8m                      Fall Foliage: orange scarlet</p> <p>Shape: broadly oval                      Flower: white                      Zone: 3</p> <p>NOTES: An appealing tree with showy spring flowers. Produces small clusters of deep red fruit in the early fall. Birds love them. **</p>
<b>H</b>		<p><b>Dolgo Crabapple (225-250 cm. tree)</b> <span style="float: right;"><b>Price: \$40.00</b></span></p> <p>Height: 10m                      Summer Foliage: green                      Qty. ordered_____</p> <p>Spread: 8m                      Fall Foliage: yellow</p> <p>Shape: upright open habit              Flower: white                      Zone: 3</p> <p>NOTES: Glossy green foliage, white flowers and upright open habit. Well known for its bright red edible fruit. Used to make excellent Crabapple jelly. A favourite since 1917. **</p>

## 2010 Tree Description and Order Form

(for alphabetic listing of species, see [www.mississippimills.com/tree-listing](http://www.mississippimills.com/tree-listing))

<b>I</b>		<p><b>Robinson Crabapple (225-250 cm. tree)</b> <span style="float: right;"><b>Price: \$40.00</b></span></p> <p>Height: 8m                      Summer Foliage: bronze green                      Qty. Ordered_____</p> <p>Spread: 8m                      Fall Foliage:      coppery orange</p> <p>Shape: upright spreading                      Zone:                      4</p> <p>NOTES: Upright crabapple produces single deep pink flowers and red fruit. Excellent disease resistance. **</p>
<b>J</b>		<p><b>Sugar Tyme Crabapple (225-250 cm. tree)</b> <span style="float: right;"><b>Price: \$40.00</b></span></p> <p>Height: 6m                      Summer Foliage: green                      Qty. ordered_____</p> <p>Spread: 5m                      Fall Foliage:      bronze</p> <p>Shape: upright spreading      Flower:                      pink/white                      Zone:                      4</p> <p>NOTES: Pale pink buds open to white fragrant flowers that cover the tree in spring time. Bright red fruit is attractive to birds. Very disease resistant. **</p>
<b>K</b>		<p><b>Swedish Columnar Aspen (200-250 cm. tree)</b> <span style="float: right;"><b>Price: \$35.00</b></span></p> <p>Height: 12m                      Summer Foliage: shiny green/blue gree      Qty. ordered_____</p> <p>Spread: 2m                      Fall Foliage:      yellow</p> <p>Shape: columnar                      Zone:                      3</p> <p>NOTES: A vigorous grower, very hardy, with a narrow columnar growth habit. Excellent for lining driveways, property lines and privacy screening. **</p>
<b>L</b>		<p><b>Redspire Pear (200-250 cm. tree)</b> <span style="float: right;"><b>Price: \$45.00</b></span></p> <p>Height: 13m                      Summer Foliage: glossy green                      Qty. ordered_____</p> <p>Spread: 8m                      Fall Foliage:      crimson purple</p> <p>Shape: narrow oval crown      Flower: single white                      Zone:                      5</p> <p>NOTES: This is an ornamental pear. The foliage turns a glowing shade of crimson purple in the fall. **</p>
<b>M</b>		<p><b>Crimson Spire Oak (125-150 cm. tree)</b> <span style="float: right;"><b>Price: \$55.00</b></span></p> <p>Height: 15m                      Summer Foliage: blue green                      Qty. ordered_____</p> <p>Spread: 5m                      Fall Foliage:      brilliant red</p> <p>Shape: columnar                      Zone:                      5</p> <p>NOTES: A hybrid cross between a Red and English Oak. A columnar tree with dark blue green foliage, turning brilliant red in the fall. A good choice for areas where height is required. **</p>
<b>N</b>		<p><b>Burenglish Oak (200-225 cm. tree)</b> <span style="float: right;"><b>Price: \$50.00</b></span></p> <p>Height: 18m                      Summer Foliage: deep glossy green                      Qty. ordered_____</p> <p>Spread: 13m                      Fall Foliage:      yellow brown</p> <p>Shape: broad oval crown      Flower:                      small catkins                      Zone:                      4</p> <p>NOTES: A cross between a native Burr Oak and an English Oak. A fast growing majestic tree. Adapts well to a wide variety of growing conditions. **</p>
<b>O</b>		<p><b>Red Oak (225-250 cm. branched whips)</b> <span style="float: right;"><b>Price: \$45.00</b></span></p> <p>Height: 18m                      Summer Foliage: dark green                      Qty. ordered_____</p> <p>Spread: 16m                      Fall Foliage:      red</p> <p>Shape: rounded                      Flower: yellowish green catkin                      Zone:                      3</p> <p>NOTES: Broad headed native tree with dark green lobed leaves, turning a bright red in the fall. High wild life value. **</p>
<b>P</b>		<p><b>Curly Golden Weeping Willow (275-300 cm. tree)</b> <span style="float: right;"><b>Price: \$45.00</b></span></p> <p>Height: 10m                      Summer Foliage: yellow                      Qty. ordered_____</p> <p>Spread: 8m                      Fall foliage:      yellow</p> <p>Shape: weeping                      Zone:                      4</p> <p>NOTES: Curiously twisted branches, unique curly leaves and weeping habit. Very unusual and interesting. **</p>
